

BLACK VINTAGE *biologics* SANKT LAURENT 2018

St. Laurent was first cultivated in Austria in 1860 and therefore it is one of the oldest local variety of red wine. Through the meticulous selection of the best grapes and the careful treatment of those that are picked, we intensify the typical characteristics of this Burgundy wine. Particularly fruity taste and a harmonic acidity. These two characteristics guarantee a long life.

IN THE VINEYARD

variety:	Sankt Laurent	vintage:	2018	wine quality level:	wine from Austria
soil:	loess with some granite in the groundfloor				
age of vines:	20 - 30 years				
vineyard:	Galgenberg	altitude:	270 - 300 m		
harvest:	mid-September 2018				

IN THE CELLAR

skin fermentation:	in open bins (400 kg boxes), no sulfur adding 2 times daily submerge the skins

filtration:	no filtration				
first sulfur adding:	one day before bottling				

alcohol:	12,5%	EAN-bottle:	900563499704 8
res.sugar:	1,0 g/l	EAN-carton:	900563499703 1
acidity:	5,8 g/l	certificate:	AT-BIO 301
SO ₂ total:	11 mg/l		vegan friendly
SO ₂ free:	< 10 mg/l		
storage potential:	10 - 15 years	best drinking temperature:	14 – 16°
recommendation:	perfect with venison or braised beef, Prosciutto or bacon, cheese		

WINE DESCRIPTION

Dark garnet red, compote of dark berries underscored by smoked herbal spice, some note of blackberries, a touch of noble wood nuances. Medium body, blueberry and plum on the palate, elegant tannin structure, delicate, velvety and long-lasting finish.
